Zephyr RMX

BluBird **OIL SHIELD**

About RMX

RMX Industries (formerly R.M. Exports) – the largest exporter of Rubber Air & Water hoses from India. Manufacturing since more than 25 years back, RMX Industries sells in over **20 countries**, most of it across North America & Europe. The inventors of revolutionary **BluBird** range – the lightest, strongest, most flexible rubber hoses on the market today. It is fast becoming the favourite hose for professionals and DIYers alike in the Construction, Automotive, Agriculture & Industrial Markets.

RMX bought rubber hoses back in game. Innovating constantly but not for the sake of it but for truly helping the end-users by listening to them, RMX has become a formidable name in the hose market distributors across USA, Canada, UK, Ireland, Scotland, Sweden, Denmark, Finland, Germany, Switzerland, Austria, Netherlands, Belgium, Spain, Norway & Poland.

RMX manufacturing facilities are ISO 9001:2015 certified and in also complaint with many health/safety regulations as well as CTPAT.

And RMX Rubber is the India specific arm of RMX Industries. And brings the BluBird range of hoses, reels and accessories to India under the brand name **Zephyr**. Already a major hit and the go-to brand for garden consumers in India only a couple of years after launch, Zephyr is now ready for its forte – the professional and industrial market. Those who'd not compromise on quality of both product and service. This time, made in India, made for India.

AIR HOSE REELS

Zephyr

Keep it neat
Keep it easy

Auto-retractable Air Hose Reel

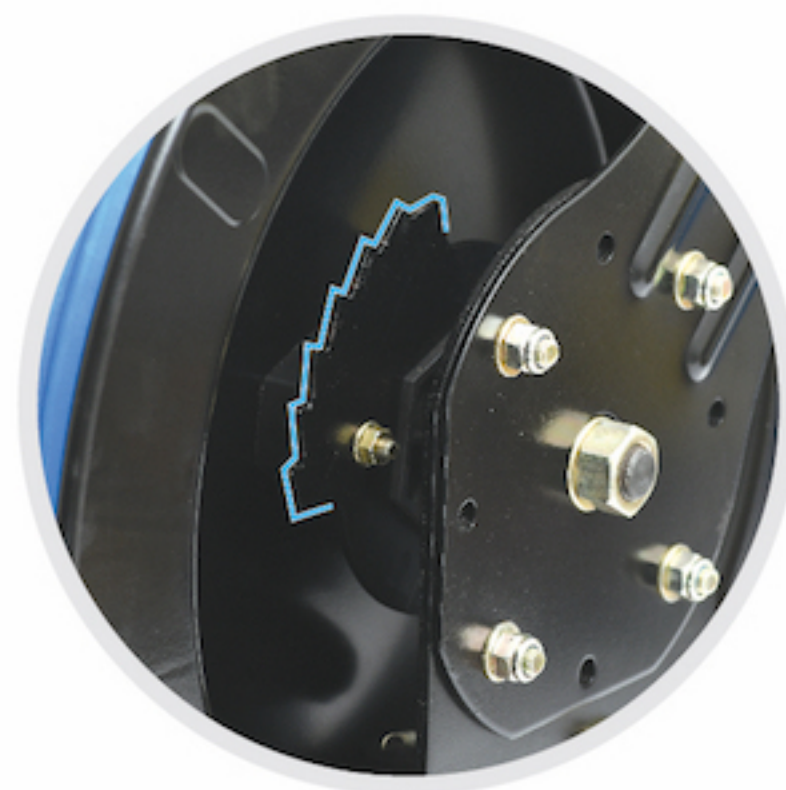

Hose Reel Features

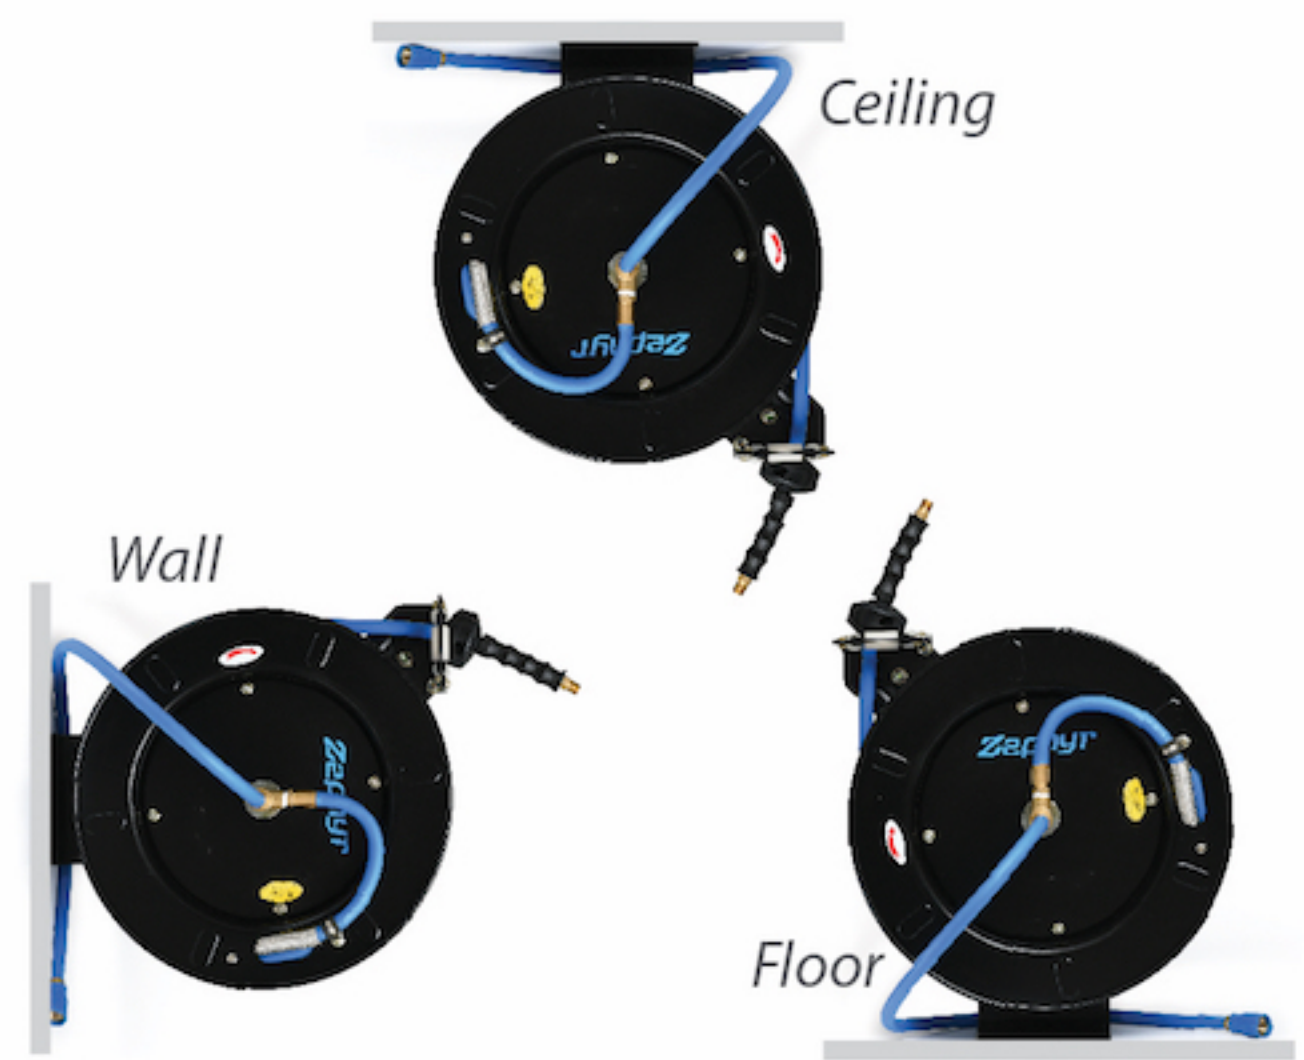

- Superior Spring-Steel based auto-retraction mechanism
- 20-Gauge Steel Construction
- 12-Point ratchet for precise resolution
- Powder-coated Steel to resist corrosion
- Adjustable Outlet Arm
- 4-way Roller Guides
- Ceiling, Floor, Wall mounting options
- In-stock spare part programme
- 1-Year Warranty

Powder Coated Steel Construction

12-point Ratchet

Multiple Mounting Options
Ceiling, Wall & Floor

Hose Features

- 100% Rubber, 40% Lighter; almost as light as TPE hoses
- Twice as strong as regular rubber hoses
- Unmatched all-weather flexibility -45° to 82°C
- Polyester Braided Reinforcement
- Ozone and UV Resistant
- Working Pressure 20BAR; Burst Pressure 80BAR
- Also available with Oil-Shield Workshop Hose

Append "-OS" at the end of SKUs for Oil Shield variants
All units include a 6ft Lead-in Hose and mounting hardware.
Swivel Mount is optional.

Auto-retractable Steam Hose Reel

Hose Reel Features

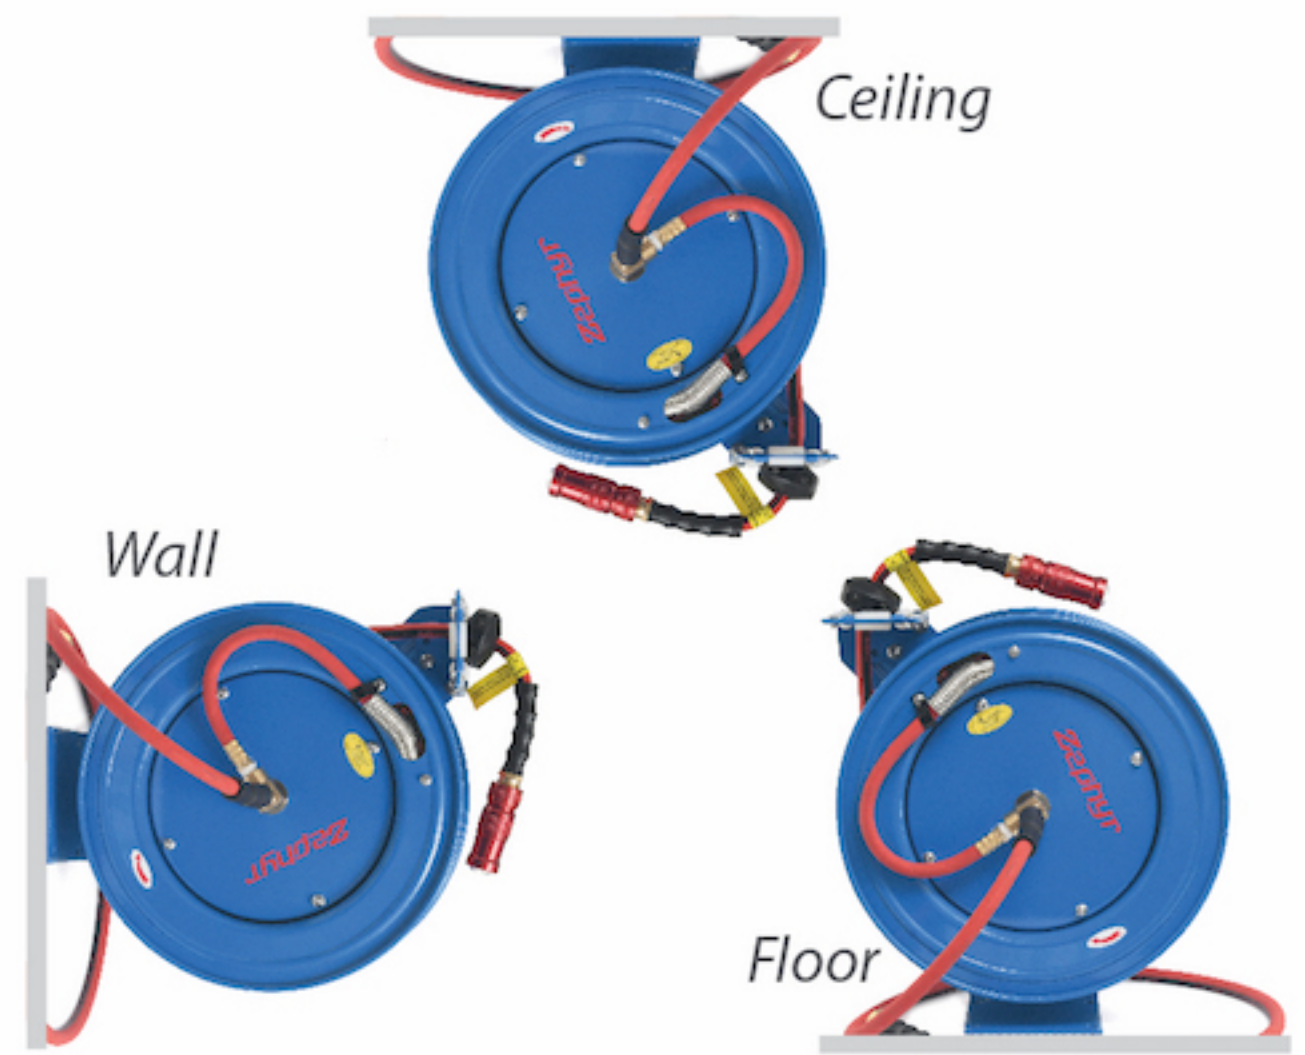

- Industrial-grade Spring-Steel based auto-retraction mechanism
- 18-Gauge Steel Construction
- 12-Point ratchet for precise resolution
- Powder-coated Steel to resist corrosion
- Adjustable Outlet Arm
- 4-way Roller Guides
- Ceiling, Floor, Wall mounting options
- In-stock spare part programme
- 2-Year Warranty

Powder Coated Steel Construction

12-point Ratchet

Multiple Mounting Options Ceiling, Wall & Floor

Hose Features

- Rubber Steam Hose exceeds IS10655 Type 1
- Double Polyester Braid
- Rated for Saturated Steam at 160°C
- Ozone and UV Resistant
- Working Pressure 5.5 BAR; Burst Pressure 55 BAR
- Also available with food-grade hot water & steam hose

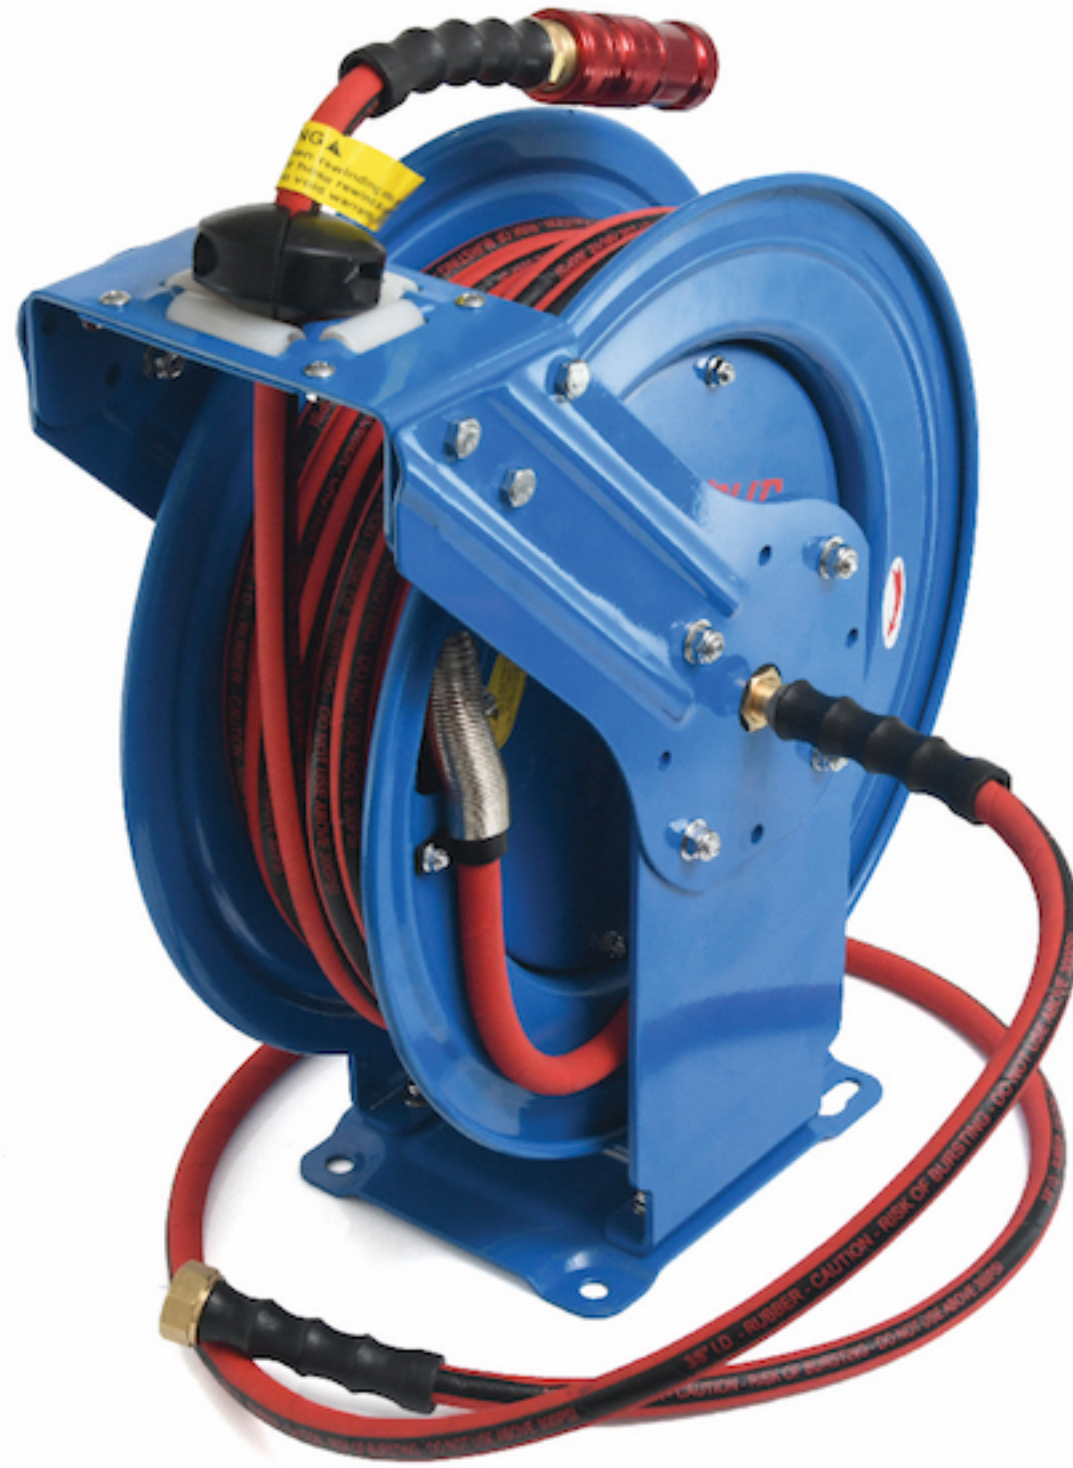

Specifications

SKU	HOSE I.D (mm)	HOSE Length (mtrs.)

NEXT GEN RUBBER HOSES

Zephyr

The lightest and strongest multipurpose rubber hoses

The revolutionary formulation of Zephyr hoses lets them have the flexibility and versatility of the best of rubber hoses and yet be 40% lighter than regular rubber hoses.

This makes them the most easy-to-use rubber hoses you can find on the market, and yet these won't get stiff and crack and burst like those plastic hoses. No need to bother about replacing hoses every now and then.

Unmatched All-weather Flexibility

Tired of replacing plastic / hybrid hoses that crack and get stiff every winter? And become noodle-like soft in summers? Forget about all of that with Zephyr which have unmatched cold weather performance and remains flexible even until -45°C . And remains as strong and solid up til 82°C . So if you work, it works.

Professional Performance

The Zephyr hoses are designed for professionals and heavy-duty use. Over 25 years of listening to the end-users, RMX came up with BluBird and Zephyr. And now, these are the finest hoses a professional can have.

With a safety factor of 4:1, they can sustain high pressures for a long time. Zephyr hoses can carry hot water up to 95°C with ease and for long durations. So, whether or not you use it, it has much more potential than any other hose on the market.

Backed up with a 10-year warranty

All these claims are backed up by a 10-year replacement warranty against manufacturing defects. Enough said.

With Zephyr Rubber Hoses for Air & Water, you get superb performance and safety. And ultimately, peace of mind so you can work better.

Next-gen Rubber Air Hoses

Zephyr

General Purpose Rubber Air Hose

- 100% Rubber, 40% Lighter; almost as light as TPE hoses
- Twice as strong as regular rubber hoses

Locking Clip for relaxed use

9 Spray Modes

Ergo Flow

8 Spray Modes

9-mode Spray Gun (ZSP001)

- Class leading 9 modes of spraying water make it a no-brainer for efficient watering and washing, makes it all fun and saves water too
- High performance allows working up till 20BAR of pressure.
- Heavy duty, metal construction with chrome finish
- Rubberized ergonomic grip
- Locking clip can be switched when one wants to spray without having to press the trigger, allows for relaxed use.

8-mode Spray Gun (ZSP002)

- 8 modes of spraying water make it a no-brainer for efficient watering and washing, makes it all fun and saves water too
- High performance allows working up till 20BAR pressure.
- Ergo flow control allows you to adjust the outflow in a jiffy.
- Heavy duty construction
- Rubberized ergonomic grip

Heavy-Duty

8-mode Spray Gun (ZSP001HD)

- 8-Modes of Water Spraying
- Efficient Spraying that Saves Water
- Heavy-Duty Industrial Construction
- Locking clip to spray without pressing
- Water Flow-control Knob
- Front-trigger for better control
- Max. Pressure up to 20BAR

Heavy-Duty Pre-Rinse Sprayer (ZPR001)

- No-Screw Design for Spray Face avoids latent leaking due to corroded screw
- Heavy-Duty SS, Brass and POM Blastic Plastic Construction
- Built-in Water Sealing EPDM Washer
- SS 304 Spring for long-life
- High-Pressure & Powerful Jet Spray
- Easy assembly, disassembly for maintenance
- Max. Pressure up to 60BAR

All Zephyr hoses ship with standard 3/4" BSP fittings which will fit this spray gun.

Converter Couplings

- Converter couplings to convert the threads of the fittings from male-to-female, female-to-male or to change the sizes between 1/2" and 3/4".
- All-brass construction makes it ideal for long and durable use with water systems.

Zephyr Converter Couplings

3/4" Female to 1/2" Female

ZCT34M12M

3/4" Female to 1/2" Male

ZCT34M12F

3/4" Female to 3/4" Male

ZCT34M34M

Shut-off Valve

- Shut-off valve / tap with solid all brass construction for rust-free and long use.
- Smooth low-resolution lever for quick & easy watering. Goes from zero to full flow.
- Zero-leak technology supporting high-pressure water.
- Compatible with all Zephyr supplied products (Quick-connects, hoses, hose reels) with 3/4" end-fittings as well as with standard sized watering equipment in market.

Smooth Low Resolution Lever

Swivel Mount (for Hose Reels)

A perfect companion to the Zephyr Hose Reel.

- Increases manoeuvrability & ease of use
- Heavy-duty Powder Coated Steel
- Provides 140° rotation
- Wall & Ceiling Mountable. Mounts Easily to Wood, Bricks or Concrete
